FV11P-M

HighSecLabs Secure 1-Port DisplayPort Isolator

| C-KVM

FV11P-M is a single-port secure isolator for DisplayPort video. The unit prevents direct contact between the connected computer and its shared peripherals. Maximum security is achieved by keeping the video path separate from the keyboard and mouse even when the unit is powered off.

FEATURES

Advanced Isolation Between Computers & Shared Peripherals

Unidirectional Data Flow: Video

Power Domain Isolation

Secure Administrator Access & Log Functions

Always-on, Active Anti-tamper System

kramer

TECHNICAL SPECIFICATIONS
